IV
LIGHT

history

FV GROUP was born from a dream in 1960.

Today the company is specialized in several sectors from exterior lighting to urban and garden furniture and mechanical components thanks to the consistently followed policy of expansion, research and development of products and materials.

The new company's manufacturing facilities offer a total of 40.000 mq space, the offices cover the space of 1.200 mq and the warehouses cover the area of 8.000 mq, beyond the historical foundry's area of 15.000 m² placed in viterbo.
