Profile

- **CREATION** is a full service architectural lighting and lighting control solutions firm since 1998, specialised in turnkey projects that includes design, supply, testing and commissioning. We are known for translating vision into reality. Key to our success is a customer-centric approach that lays emphasis on delivering both - premium quality and consistent value.
- Our distinctive line up of over 500 completed projects throughout the GCC feature Royal Palaces, Homes for Royalty, High End Villas, and Retail and Commercial establishments.
- The scale of our expertise is evident from the diverse nature of the assignments we have executed.

Profile

Products offered:

- General Lighting fixtures for indoor application
- LED Fixtures/Lamps for Indoor and Outdoor applications
- Lighting fixtures for Retail stores & furniture
- Street Lights and Bollards.
- Lighting Control & Dimming Systems and Sensors

Major Brand represented by us in Architectural, Retail, LED for Shop, Office, Hotel, Residential, Palaces and Outdoor:

- Lighting Science Group, USA www.lsgc.com
- Hera GmbH & Co. KG www.hera-online.de
- RUCO LICHT GmbH www.rucolicht.de
- QuadLED GmbH www.quadled.de
- Optogan GmbH www.optogan.com

Lighting Control & Dimming System, Occupancy Sensor, Daylight Sensor, Motion Sensors, Time Lag switches & HVAC Controllers

"Controlling the Future of Lighting"

EVOLUTION

IT WAS ONLY A MATTER OF TIME

“The result of over thirty-five years of lighting control innovation by Mode Lighting (UK) Limited, the Evolution system is the pinnacle in state-of-the-art lighting sophistication. Discerning clients across the world are now adopting the Mode Evolution, with installations ranging from luxury city apartments to country mansions. Evolution is intuitive to use, despite the powerful control available, with the system customised at the time of installation to meet your every control need.”

Perfectly designed plates....

Tiger

The Tiger Dimmer panel comprises high power dimming / switching units configured and controlled using simple push button control plates. Tiger Units can be linked together to provide up to 99 circuits of control which can be controlled as 10 separate areas

SceneStyle

SceneStyle 2

SceneStyle 4

An elegant retrofit and compact dimmer, ideal for houses & villas. Suitable for mains dimming, offers different scene setting and holiday mode. Ideal for load up to 600W / 1200W and 2 / 4 circuits. It comes with very slick IR remote control. Single gang (3x3) / Double gang (6x3) plate size module with option of brushed stainless steel, polished brass, polished chrome & white finish fascia.

'The Stylish way to Control your Lighting'

ColorStyle

ColourStyle512 is a DMX controller which has been designed with the non-technical user in mind. With the use of DMX fixtures in architectural applications on the increase, the requirement for a simple to program, simple to operate controller has become essential but has not previously been addressed with most DMX controllers being aimed at the entertainment lighting industry.

Mode Lighting LED

Module 3

Module 6

LEDs (Light Emitting Diodes) have many advantages over conventional light sources including cool running temperatures, low power, very long-life and a good selection of colours. They are therefore ideal for marker lighting, inaccessible areas or general effects lighting.

Module 12

Module 36

LED-1200-36-WW

Transformers

Mode Transformers are the ideal and most trusted transformers for dimming if you wish to avoid compatibility issues.

Apart from being lightweight and compact in size, they also ensure cool operating temperature, low audible noise and come with a guarantee of two years.

The self resisting, short circuit and overload protected transformers are dimmable with all types of domestic and hard-fired dimmer.

DMX-ET – Dimmable by DMX512 digital commands, suitable for 105W to 150W or 200W.

Products : DMX 105 - T
DMX 150 - T
DMX 200 - T

ET - C - suitable for 20w -105w loads

Products : ET - 055 – C
ET - 085
ET - 105

ET - XP - Suitable for 50w to 255w or 315w

Products : ET - 255 - T
ET - 315 - T

ET - P - Suitable for 35W to 75w or 105w loads.

Products : ET - 075 - PUMA
ET - 105 - PUMA

Available in 12V &/or 24V version
