

2014 CATALOG
BATH AND KITCHEN

smart + stunning

Beauty and innovation don't have to be mutually exclusive.

In fact, every Delta® product is designed to be as appealing inside as it is outside. It's a perfect marriage of style and substance. And an important part of creating a better way to experience water.

CONTENTS

Smart features are easy to find.

From DIAMOND™ Seal Technology to water-efficient products, these simple icons make it easy to identify a product's features at-a-glance throughout the catalog.

= DIAMOND™ Valve

= MagnaTite® Docking

= Multi-Flow™ Technology

= MultiChoice® Universal

= Touch2O® Technology

= Touch2Oxt™ Technology

= Water-Efficient Product

Kitchen Faucets: flow rate of 5.7 l/min.
or 6.8 l/min. versus Industry Standard
ASME A112.18.1/CSA B125.1 of 8.3 l/min.

Lavatory Faucets: flow rate of 5.7 l/min. versus
Industry Standard ASME A112.18.1/CSA B125.1
of 8.3 l/min.

Showerheads and Handshowers: flow rate of
5.7 l/min. or 7.6 l/min. versus Industry Standard
ASME A112.18.1/CSA B125.1 of 9.5 l/min.

SMARTMATCH
by delta faucet

form + function

At Delta®, we recognize the importance of both style and innovation. And we know just how powerful a combination they can be. That's why we're proud to offer a wide variety of both thoughtful and beautiful solutions, so that no matter what you're looking for, you'll always be able to find the smartest, most ideal match.

BATH STYLES

MODERN

VERSATILE

GENUINE

SMART SOLUTIONS

TOUCH₂O.xt™ TECHNOLOGY

Touch₂O.xt Technology gives you a little something extra with the added convenience of touch-free—which helps keep your faucet clean and reduce water consumption.

MULTICHOICE® UNIVERSAL

The MultiChoice Universal rough gives you the ultimate in flexibility because it works with all types of Delta shower valves—whether you choose a shower that just controls the temperature or one that allows you to control temperature and water volume separately.

H₂OKINETIC TECHNOLOGY®

Using proprietary technology, the larger droplets formed in an H₂Okinetic shower move in a unique wave pattern, helping them to retain their heat better and creating a warmer shower experience that feels like more water, without using more water.

KITCHEN STYLES

MODERN

VERSATILE

GENUINE

SMART SOLUTIONS

TOUCH₂O® TECHNOLOGY

Sometimes your hands can use a hand. Simply touch anywhere on the spout or handle to start or stop the flow of water. When your hands are messy, you can use your forearm or wrist to keep your faucet clean and to help avoid cross-contamination.

DIAMOND™ SEAL TECHNOLOGY

Our patented DIAMOND Seal Technology combines a disc embedded with real diamonds with InnoFlex® PEX waterways, resulting in incredible durability and reliability. In fact, our faucets are designed and tested to feel like new for life.

MAGNATITE® DOCKING

This attractive feature keeps the pull-down spray wand firmly in place when not in use. Thanks to the powerful integrated magnet.

BATH

fresh + refreshing

The bathroom has become one of the most fashionable rooms in the house. And now it can be one of the smartest, too. Between styles that track with the latest trends and the latest innovative technology, Delta® faucets and showers not only make getting clean easier than ever, they make a powerful visual statement.

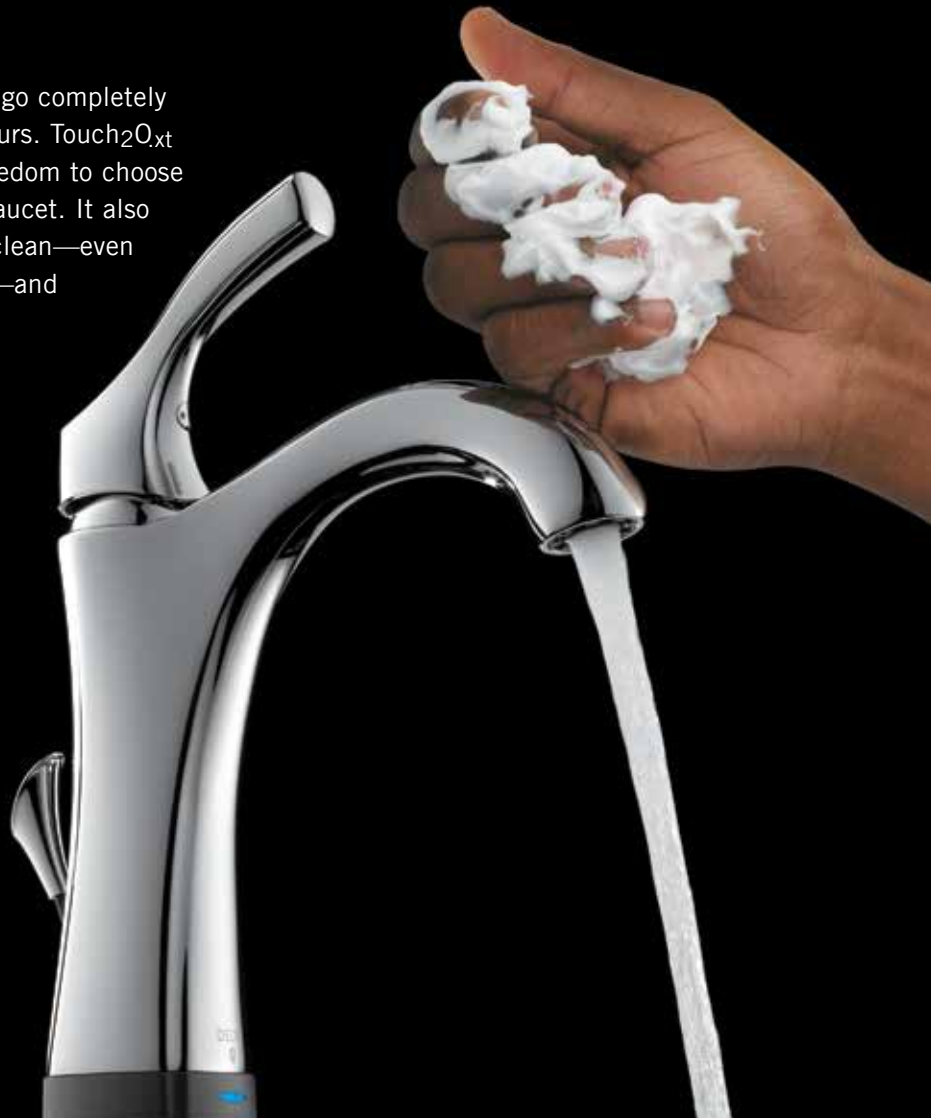

SMART
BATHS

Inside the innovation.

Touch2O_{xt}™ Technology.

Touch it on. Touch it off. Or go completely hands-free. The choice is yours. Touch2O_{xt} Technology gives you the freedom to choose how you interact with your faucet. It also helps you keep your faucet clean—even when your hands are messy—and reduces water usage.

DIAMOND™ Seal Technology.

Our patented DIAMOND Seal Technology combines a disc embedded with real diamonds with InnoFlex® PEX waterways, resulting in incredible durability and reliability. In fact, our faucets are designed and tested to feel like new for life.

MultiChoice® Universal.

When installing a shower, start with the MultiChoice Universal rough. It gives you the ultimate in flexibility because it works with all types of shower valves—whether you choose a shower that just controls the temperature or one that allows you to control temperature and water volume separately. When choosing a shower rough, the choice is obvious.

H2Okinetic® Showers.

H2Okinetic Showers utilize the natural energy of water unlike any shower has before. Large water droplets move in a unique wave pattern, creating a warmer shower experience with 3X the coverage of a standard shower.* It's the feeling of more water, without using more water. And it's a difference you'll notice right away.

*Coverage measured in accordance with EPA WaterSense® Specification for Showerheads, March 4, 2010.

SMARTMATCH

by delta faucet

The ideal match for your **bathroom oasis.**

With so many options—from the classics to the most contemporary—finding the perfect expression of your personal style is easy. And since each and every one is equipped with innovative technology, any choice is a smart choice.

FEATURING THESE SMART SOLUTIONS:

Modern

Simple lines, bold angles, and clean, sleek appeal.

Versatile

Complements a range of aesthetics to give you the ultimate in design flexibility.

Genuine

Bold, distinctive and elegant. Adds an authentic touch to everyday living.

SMARTMATCH by delta faucet

Exactly what you're looking for. And more.

When you're trying to find the right faucet or shower for your home, style is the first thing that catches your eye. Delta® offers a wide range of design styles, from modern to versatile to genuine, to match your life and your décor. Plus, every Delta product offers smart, intuitive features that enhance your experience. You won't find a better match of form and function.

SHOWER

thoughtful + beautiful

From striking styles to smart features, we've poured our best thinking into our showers, so it becomes a place where you don't have to think about anything. A retreat that wows you from the moment you walk in and every moment after that.

Prepare yourself for the feeling of more water.

H₂Okinetic® Showers.

Thanks to a unique wave pattern, H₂Okinetic Showers create the feeling of more water, without using more water.

More coverage

3X the coverage of a standard shower.*

More warmth

Larger water droplets and a dense shower spray pattern provide a warmer shower experience.

More intensity

Unique wave pattern and velocity of water create the feeling of more pressure.

*Coverage measured in accordance with EPA WaterSense® Specification for Showerheads, March 4, 2010.

In2ition®—Two-in-One Shower.

Wash the day away with a Delta® In2ition Shower. In its primary position, it functions like a regular showerhead. When you need to rinse from a close range, simply remove the handshower. It's two showers in one beautifully convenient package, so that you can have water where you need it the most.

MultiChoice® Universal.

Starting your shower install with the MultiChoice Universal rough gives you the ultimate in flexibility because it works with all types of Delta shower valves—whether you choose a shower that just controls the temperature or one that allows you to control temperature and water volume separately. When choosing a shower rough, the choice is obvious.

Jettted Shower XO®

Surround yourself with the warmth and comfort of a Delta Jettted Shower XO. Integrated shower jets can be placed strategically for your enhanced shower experience, plus you can add a handshower, additional body jets or a second showerhead for an even more luxurious shower. Shower jets are available with nearly every 14, 17 or 17T Series shower trim.

SMARTMATCH

by delta faucet

Choose your **perfect shower.**

Whether you prefer to stand under a rainfall of warm water or be surrounded by perfectly positioned sprays, you're sure to find the right shower experience with Delta.® With virtually endless configurations of showerheads and handshowers, the only thing missing from your dream shower is you.

MULTICHOICE® UNIVERSAL

When installing a shower, start with the MultiChoice Universal rough. It gives you the ultimate in flexibility because it works with all types of shower valves. When choosing a shower rough, the choice is obvious.

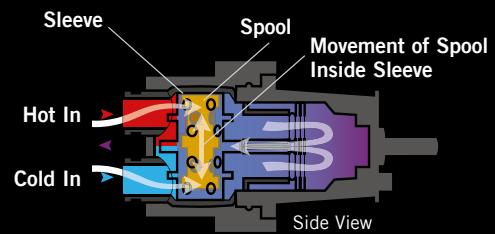

MultiChoice Universal Thermostatic Cartridge

As hot and cold water enter the chamber, the wax element within the Thermostatic Cartridge measures the temperature and adjusts the mix to maintain a consistent temperature.

MultiChoice Universal Pressure-Balanced Cartridge

The spool and sleeve in the Pressure-Balanced Cartridge work together, automatically adjusting the flow of incoming hot and cold water to maintain a consistent temperature based on pressure variances.

Trim Options

Single-Function Pressure-Balanced

- Single control for temperature only.
- Balances the pressure of both the hot and cold water* to achieve consistent temperature ($\pm 3.6^\circ$).
- Offered for all Monitor[®] 13 and Monitor 14 Series Delta[®] brand tub/showers.

SPRAY PATTERNS

One shower experience does not fit all. That's why in addition to shower styles, we provide plenty of water spray patterns to suit different needs. So you always get the exact shower experience you're looking for.

Innovation is always included.

Pause functionality.

Reduces the water to a trickle while you do tasks such as lathering up, shaving your legs, or bathing a child or a pet.

Touch-Clean®

Soft, rubber spray holes that allow you to easily wipe away calcium and lime buildup with the touch of a finger.

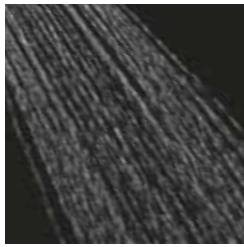

ActivTouch® Handshower.

Eight spray settings in one incredible handshower. The ergonomic handle and buttons provide the ultimate in convenience and functionality.

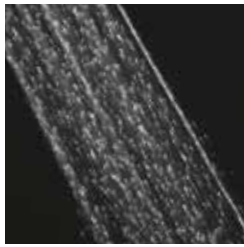

Water. Your way.

Showerhead and handshower spray patterns.

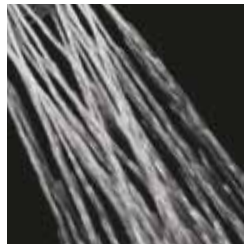

Look for these icons in the bath and shower sections to determine types of spray settings.

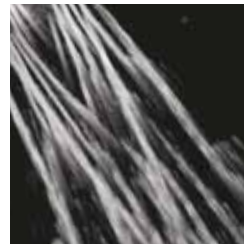

Adjustable Full Body Spray (AF)
Adjust the water flow for a harder or softer spray.

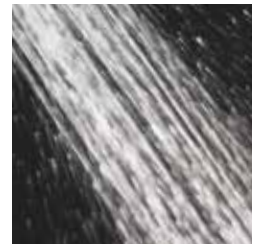

Adjustable H2Okinetic® Spray (AH2O)
Allows for full flow or water-efficient spray.

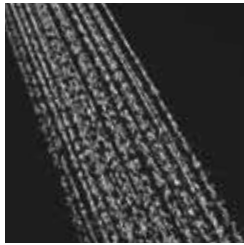

Crossing Full Spray (CF)
Consistent pressure from all spray holes with crossing streams for more coverage.

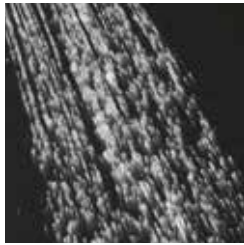

Crossing Full Spray with Massage (CFM)
Coverage of crossing full spray with addition of a soothing, pulsating spray.

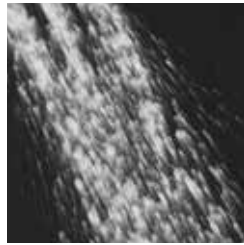

Fast Massage (FM)
Strong, pulsating spray.

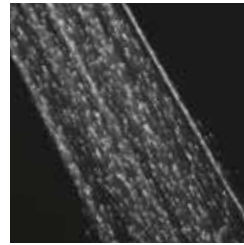

Full Body Spray (FB)
Consistent pressure from all spray holes.

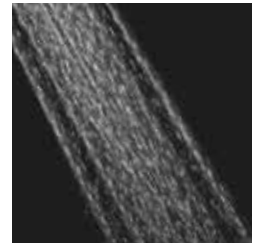

Full Spray with Massage (FSM)
Consistent pressure from outside spray holes, plus soothing, pulsating spray.

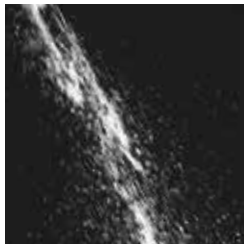

High-Efficiency Spray (HE)
Provides full coverage and feels like greater water pressure at lower flow rates.

H2Okinetic Spray (H2O)
Large drops and dense, wide spray pattern create a blanket of water.

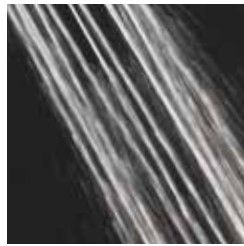

H2Okinetic Spray with Massage (H2OM)
Large drops and dense spray pattern, plus a pulsating spray.

Massage Spray (M)
Soothing, pulsating spray.

Pause (P)
Reduces water flow to a trickle.

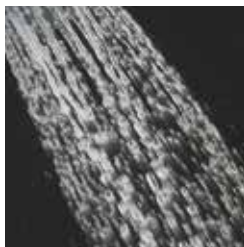

Shampoo Rinsing Spray (SR)
Strong, full body spray.

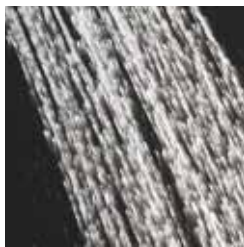

Shampoo Rinsing with Massage (SRM)
Strong, full body spray plus a pulsating spray.

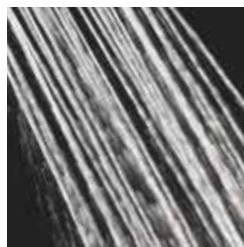

Slow Massage (SM)
Soothing, pulsating spray.

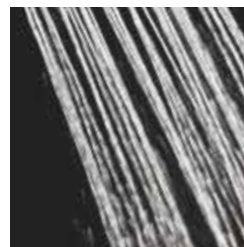

Soft Drench Spray (SD)
Soft, aerated, soaking flow of water.

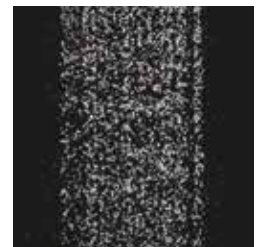

Soft Drench with Full Spray (SDF)
Soft, aerated, soaking flow of water with additional sprays to provide fuller coverage.

Soft Drench with Massage (SDM)
Drenching full spray plus a pulsating spray.

Soft Full Spray (SF)
Soft, consistent pressure from all spray holes.

Soft Rain Spray (SRS)
Gentle fall of water that feels like a soft, spring rain.

A black and white photograph of a hand pouring milk into a glass of water with ice cubes. The background is blurred, focusing on the action of pouring. A red square is in the top left corner, and a red L-shaped graphic is in the bottom left corner.

KITCHEN

innovative + inspiring

Proof that good-looking and hardworking can go hand-in-hand, Delta® kitchen faucets are designed not only to be the focal point of your kitchen, but also to make everything you do there easier, cleaner, and a whole lot more enjoyable.

SMART
KITCHENS

Inside the innovation.

A touch of brilliance.

Thoughtfully designed to make kitchen tasks easier, Touch2O® Technology was the first technology of its kind to allow you to start and stop the flow of water with a simple touch anywhere on the spout or handle, helping keep your faucet and your kitchen clean.

MagnaTite® Docking.

This attractive feature keeps the pull-down spray wand firmly in place when not in use—thanks to the powerful integrated magnet.

Multi-Flow™ Technology.

With a simple touch of the toggle, you can increase the stream of water from the standard 1.5 gpm to a higher flow to more quickly fill the sink as well as pots, vases, and other large containers.

DIAMOND™ Seal Technology.

Our patented DIAMOND Seal Technology combines a disc embedded with real diamonds with InnoFlex® PEX waterways, resulting in incredible durability and reliability. In fact, our faucets are designed and tested to feel like new for life.

SMARTMATCH

by delta faucet

A breadth of **inspiring choices.**

With a range from timeless appeal to the most up-to-date trends, no style is overlooked. And with innovations like Touch2O® and DIAMOND™ Seal Technology, convenience is always close at hand.

FEATURING THESE SMART SOLUTIONS:

TOUCH₂O
TECHNOLOGY

MAGNATITE®
DOCKING

DIAMOND™ SEAL
TECHNOLOGY

Modern

Simple lines, bold angles, and clean, sleek appeal.

Versatile

Complements a range of aesthetics to give you the ultimate in design flexibility.

Genuine

Bold, distinctive and elegant. Adds an authentic touch to everyday living.

SMARTMATCH by delta faucet

Bring style and innovation home.

The first thing you notice about our kitchen faucets, of course, is the way they look. As you can see, Delta® offers three distinctive design options so you can find the style that best reflects you. But what truly sets Delta apart is that each of our products has intuitive thinking built right in, which makes everyday tasks more convenient. And that much more beautiful.
