The Gripple® range of signage products has been developed to provide complete solutions for the suspension of all forms of signage.

The variety of kits allows for complete flexibility and adjustability, without the use of additional tools. The range of designs provides a sleek, professional finish for you and your clients, without compromising on strength.

Our kits have been designed to save you time, labour and money by making installation quick and easy.

Gripple suspension kits provide complete solutions for all signage applications

Catenary and C-Clip

Create secure, overhead spans by running high strength wire rope between two fixing points. Ideal for applications where no direct vertical anchor point is available. The Gripple C-Clip, an innovative twist-on/off device, allows you to suspend from anywhere along the span.

- Visually discreet and lightweight
- Additional C-Clips can be added/fitted retrospectively
- No tools needed to install
- Available in 3 mm and 6 mm wire rope diameters, for suspensions up to 100 kg per span
- C-Clip allows horizontal and vertical adjustment
- Cams lock solidly in place, even at angles up to 60°
- Ready-to-use kit supplied with a length of wire rope and Gripple hanger

“Gripple Catenary kits were quick to install and offer improved aesthetics”

Site Supervisor, B&Q, Bedford
