PRESENTS

Construction World Gulf Awards 2008

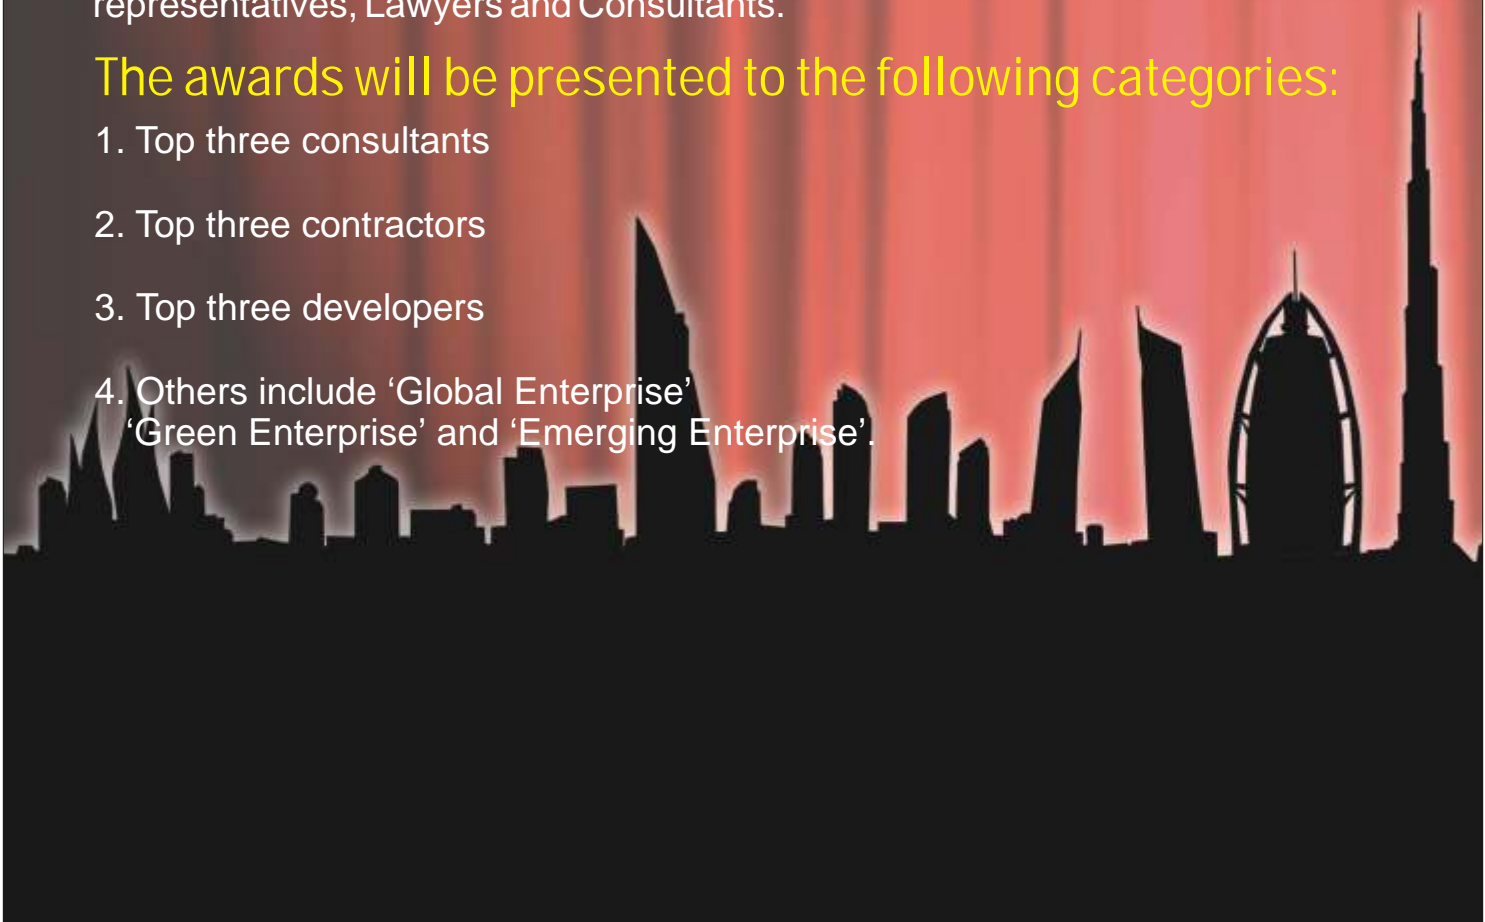

CONSTRUCTION WORLD GULF AWARDS 2008

CONSTRUCTION WORLD is the largest circulated construction business magazine with independent editions across Gulf and South Asia and a readership of 200,000. It is published by IKAN Media FZ LLC, a Dubai Media City based company, part of the ASAPP Media Information Group for last eleven years. ASAPP Media Information Group also publishes Infrastructure Today, Projects Info, Project Reporter, Property Today & CW Interiors. It has been conducting CONSTRUCTION WORLD AWARDS for last five years in South Asia. Its bouquet of events includes awarding Fastest growing construction companies, Top Architects & Builders and Infrastructure companies. Now it is holding its awards function for first time in the Gulf on May 26th, 2008 in association with CONSTRUCTION 360° conference being organized by Association & Communication Events on May 26th-27th, 2008 at Hotel Fairmont in Dubai. The awards function will be followed by Cocktails and Dinner.

The invitees attending will be representatives from the regions major construction, facilities management, tall buildings and crane companies including CEO's, Managing Directors, Property Developers, Facilities Managers, Director of Projects, IT managers, Asset and Lifecycle managers, Chief Technology Officers, Chief Information Officers, Safety Directs, Sales Directors, Regional Operations Managers, Business Development Managers, Product Managers, Logistics Managers, R&D Directors, Government representatives, Lawyers and Consultants.

The awards will be presented to the following categories:

1. Top three consultants
2. Top three contractors
3. Top three developers
4. Others include 'Global Enterprise', 'Green Enterprise' and 'Emerging Enterprise'.

An expert panel decides on the winners after a shortlisting of the nominees has been done by a survey conducted by CONSTRUCTION WORLD magazine. The expert panel consists of:
