HYDROPOOL  
self-cleaning hot tubs

### ABOUT HYDROPOOL

HYDROPOOL based in Canada, with 25 years of experience and 250 distributors around the world is the leader in quality and outstanding performance for manufacturing hot tubs.

*Creating time for what matters*

## Why choose Hydropool hot tubs?

1. The Self-cleaning hot tub has a unique technology. With its built-in floor vacuum the Self-cleaning hot tub is the easiest to maintain in the world. It gives you more time to enjoy and relax.
2. Superior Hydrotherapy with Hydropool's Versa Massage. Customize your hot tub with interchangeable jets. Choose the intensity of the hydrotherapy. Hydropool hot tubs are designed with a variety of different massage jets to release your stress and have maximum enjoyment.
3. Energy efficiency. Hydropool hot tubs are now recognized by the California Energy Commission as an energy efficient appliance.
4. Superior Comfort with spacious Design. Hydropool hot tubs mould is hand crafted by experienced designers to provide you the ultimate in comfort.
5. Quality of construction. For 25 years, Hydropool employs a dedicated team of highly qualified staffs aimed at creating excellence.

## SERENITY MODELS

Serenity Hot Tubs offer one of the most comfortable designs in the industry. There is sure to be a model that is the perfect fit for you. These hot tubs are manufactured with the same high performance components and top quality materials similar to their Hydropool counterparts. And all of this for an affordable price.

Hydrotherapy since the Antiquity is well known for the benefits it provide to your body and mind. The Romans built outstanding communal baths because they believed in the value of hot springs. Today, water healing at home couldn't be simpler. Take time for relaxation. Sleep better.

Start your day off right. Imagine how much better your day will start when you slip into your hot tub. Your circulation will improve, your muscles will relax and your mind will be enhanced.
