

# Eyeleds® Outdoor Basic

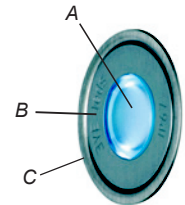

## Features & Benefits:

- A second generation of outdoor lighting, based on innovative LED technology;
- Easy to install and widely applicable by means of a minimum recess depth;
- Top quality SMD LED: bright and powerful light with an extreme long lifespan up to 100.000h;
- Solid 'walk/drive-over' construction, designed for loads up to 285kg;
- UV resistant, IP67 dust proof and water resistant;
- Low temperature, LED unit remains <math><35^{\circ}\text{C}</math>;
- Installation possible in accordance with official standards;
- 3 years of European Product Warranty.

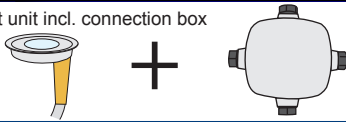

## Materials & Dimensions:

- A: Light Surface: Polycarbonate lens  $850^{\circ}\text{C}$  –  $\varnothing$  21,5mm.  
 B: Decoration Ring: Brushed Stainless Steel (1.4404/Inox 316) –  $\varnothing$  37,4mm.  
 C: Trim Ring: Brushed Stainless Steel (1.4404/Inox 316) –  $\varnothing$  45mm.

## System Components:

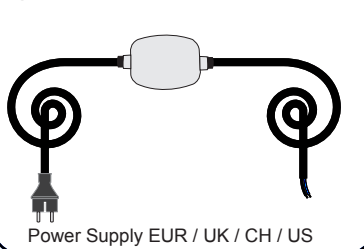

### ① Light unit incl. connection box

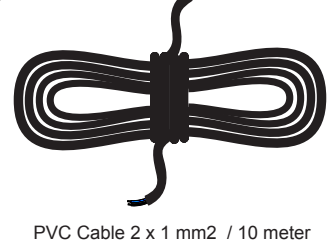

#### Versions:

- Brushed stainless steel finish / white LED
- Brushed stainless steel finish / blue LED
- Brushed stainless steel finish / amber LED
- Brushed brass finish / amber LED
- Brushed brass finish / white LED

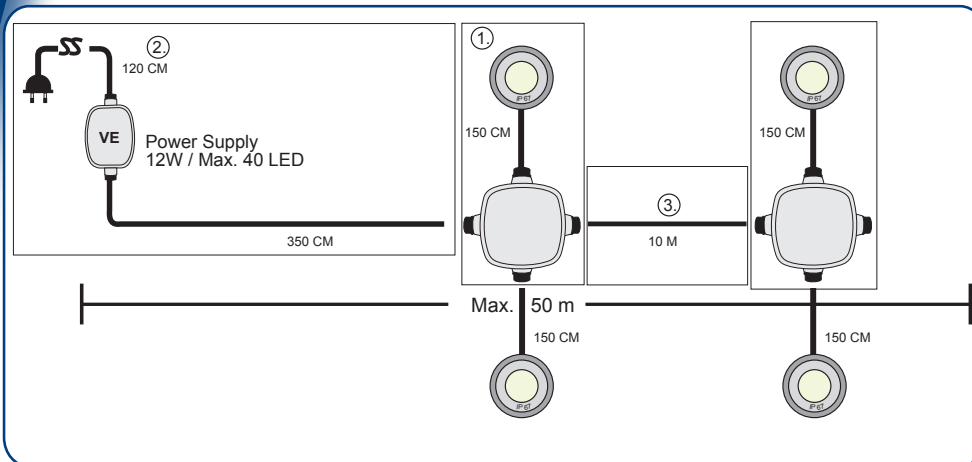

### ② Power Supply (plug-in)

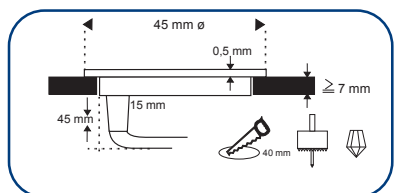

### ③ Connection Cable

## Connection & Build-In Diagram:

**⚠ CAUTION:** Always ensure the accessibility of cables and cable connections for potential interchangeability of components after the installation is completed. Do not install cables and connections directly in concrete, mortar or other adhesive bonding materials without using an accessible conduit system.
