## TAILORMADE STOCCO

Tailormade Stocco offers customizable solutions for the bathroom and wellness environment, personalized on measure, made with technological and exclusive materials, with a recognizable design. Tailormade Stocco is #SMART FORWARD DESIGN.

# Modula

“Full and empty spaces shape up the environment in a determined way, proposing unprecedented solutions both at the aesthetic and functional level”

Modula is a flexible tool in the hands of professional interior designers. It can be thought and designed to meet different aesthetic and practical needs. It is used to design spaces from scratch or create

tailor-made solutions for environments that need a personal and innovative touch. Modula is a tubular shelf with integrated washbasin available in various shapes, sizes and lengths.

# lks

“Beauty has found its form in simplicity. And wears a new dress. With new qualities, emotions, and passions”

Rigorous design and flexible compositions: lks is a bathroom furniture system designed to be dressed in various ways.

Wood enters in the bathroom as a pleasant and surprising presence.

It brings a natural charm, with its veining it invites to experience a tactile and emotional pathway. The integrated washbasins in technological materials contrast with a pleasant and trendy aesthetic.

# Tao

“A contemporary bathroom system concept. Tao interprets market trends and ideas with a perfect balance between minimalistic geometries and an innovative design”

## 5 Mood

- # Tao Tech
- # Tao Minimal
- # Tao Modern
- # Tao Nordic
- # Tao Elegance

Tao is a system with a forward-looking approach, that can generate modern solutions in line with new trends. The project's strength lies in the Yin-Yang principle. It is the interactive synergy between the T-shaped element and the side storage units.

# Over

“Besides the functionality and organization, a new idea of beauty and wellness takes place in in the bathroom. Timeless, boundless. Over your imagination”

Over is a system which is open to a thousand interpretations, simple and flexible. A solid structure, to be combined as you want, ready to dress in an elegant mix of solutions and able to show a sophisticated personality, more and more unique. It includes a wide range of items. Materials, colors, sizes, finishes are beyond imagination.

# Over easy

“Design to live. Over Easy collection is made to be used, not just to be looked at. Pleasing to the eye and functional in everyday actions”

Over Easy is created to be enjoyed and tested on an everyday basis. This is the result of carefully designed ergonomics and functionality, according to the principle for which “your everyday gestures lead to

our design”. Over Easy proposes a selection of compositions, calibrated on the international market, that are the result of a careful analysis of trends and sales requirements.

# Eklò

“Infinite reflections of water, the sky and the world”

Eklò is the versatile washbasin available in a small, medium and large-sized version to be adorned with different materials

according to the walls. Designed and made in partnership with Decoratori Bassanesi.

# Origami

“Clear lines, sophisticated elegance: Origami is a pure design for tubs and shower trays”

Origami is a complete collection dedicated to five-star bathrooms, whether in luxury

hotels or private homes. The common denominator is a delicate, essential look.
