

- Super fast: final strength after 4 hrs
- Very high final strength
- Low VOC emission, solvent free
- Permanently elastic
- Interior and exterior use

UNIVERSAL, HIGH-QUALITY CONSTRUCTION ADHESIVE AND SEALANT BASED ON UNIQUE SM POLYMER TECHNOLOGY WITH SUPER FAST FINAL STRENGTH BUILD-UP.

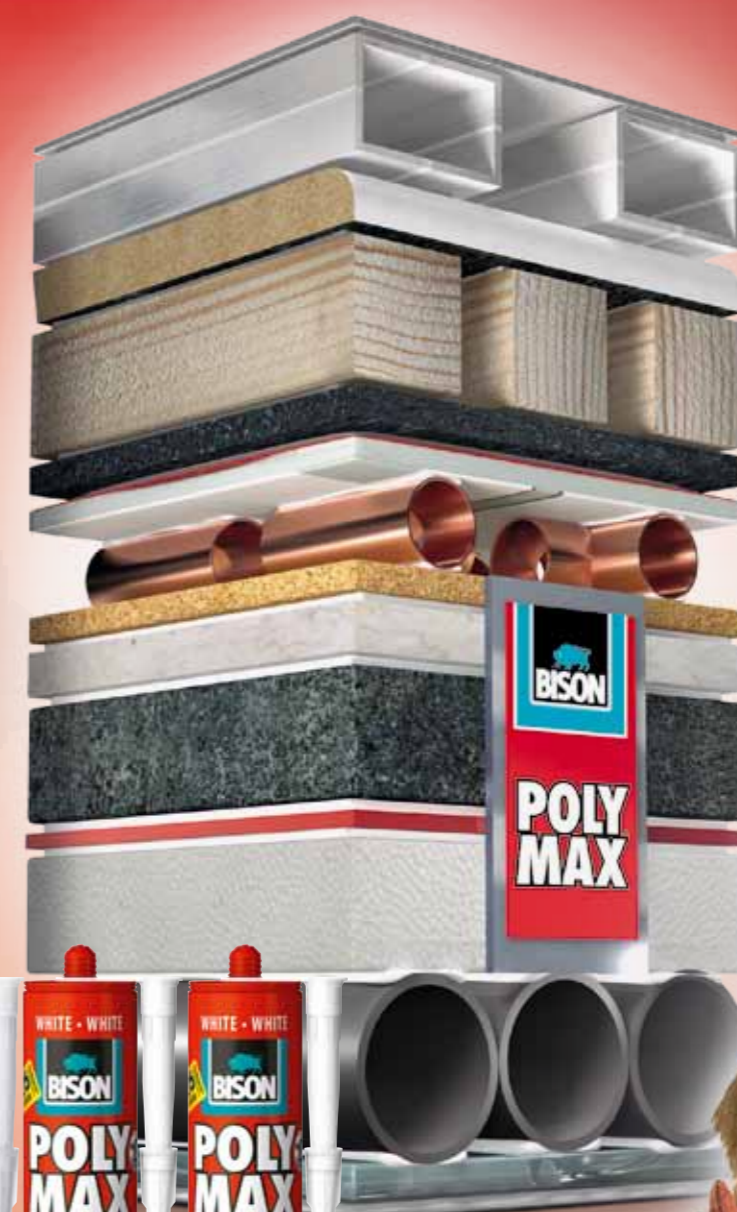

- Very high initial grip
- Super fast: final strength after 4 hrs
- Very high final strength
- Low VOC emission, solvent free
- Permanently elastic
- Interior and exterior use

UNIVERSAL, HIGH-QUALITY CONSTRUCTION ADHESIVE AND SEALANT BASED ON UNIQUE SM POLYMER TECHNOLOGY WITH VERY HIGH INITIAL GRIP AND SUPER FAST FINAL STRENGTH BUILD-UP.

**LOW VOC EMISSION**

For a full overview of the Bison assortment visit:  
[www.bison.net](http://www.bison.net)

**POLY MAX®**  
**ALL MATERIALS - ALL SURFACES**

Bison. Powerful Adhesives.

**THE N°1  
LOW VOC SOLUTION**

**POLY  
MAX**

**LOW VOC**

- Low VOC emission, solvent free
- Very high final strength
- Permanently elastic
- Interior and exterior use

**UNIVERSAL, HIGH-QUALITY CONSTRUCTION ADHESIVE  
BASED ON UNIQUE SM POLYMER TECHNOLOGY WITH VERY  
HIGH FINAL BONDING STRENGTH.**

For bonding and fixing almost all (construction) materials on almost  
all surfaces (both smooth, porous and non-porous surfaces).

**100%  
CRYSTAL CLEAR QUALITY**

**POLY  
MAX**

**crystal  
express**

- Crystal clear
- Super fast: final strength after 4 hrs
- Very high final strength
- Low VOC emission, solvent free
- Permanently elastic
- Interior and exterior use

**UNIVERSAL, CRYSTAL CLEAR CONSTRUCTION ADHESIVE  
AND SEALANT BASED ON UNIQUE SM POLYMER TECHNOLOGY  
WITH SUPER FAST FINAL STRENGTH BUILD-UP.**

For bonding, fixing and sealing almost all (construction) materials on almost  
all surfaces (both smooth, porous and non-porous surfaces).

**Bonding: wood, metal, plastics, stone, concrete, plaster, ceramics, trespa, chipboard, plasterwork, glass,  
mirror, cork, polystyrene and many more.**

**Fixing: skirting boards, laths, lattices, windowsills, door frames, thresholds, fascia boards, tiles, sheetings, insulation  
material, plasterboard, plaster ornaments, decorative frames, frameworks and many more.**
